

"Ensuring Safety & Quality"

MISSION

Quality Control Construction's mission is to better the lives of our communities by ensuring our structures are built secure and our infrastructures have minimal impact on the health of our environment.

ABOUT US

Quality Control Construction (QCC) was established 7 years ago in an effort to provide cost-effective yet reliable quality assurance services to clients. With over 20 years of construction and safety experience, our organization possess the expertise to help deliver a quality product.

SERVICES

We provide services at the design, build and pre-inspection phases of construction projects for Fire-Stop Systems, Structural Framing, Elevator Commissioning and MEP Commissioning in accordance with the CBSC, ASME, Title 24 and UL requirements.

CLIENTS

Since the establishment of QCC, we have successfully provided services to Civil, Residential, Private and OSHPD General Contractors interested in passing their inspections prior to, during or after their build. Clients include: Apple, UCSF, Oakland Unified School District, Alameda County Health System and the Office of Statewide Health Planning and Development.
